

PMedIC

Pacific Northwest bioMedical Innovation Co-laboratory (PMedIC):

An OHSU/PNNL Collaboration

PMedIC SEMINAR SERIES

JUNE 5, 2023 | 1:00–2:30 P.M.

Advancing Research through PMedIC:

Discovering Collaborative Capabilities with Live Q&A

Please join us for a special hybrid seminar where we will share insights about the dynamic partnership between OHSU and PNNL. Learn about the Pacific Northwest BioMedical Innovation Co-laboratory (PMedIC), a collaborative research initiative between Oregon Health & Science University and the US Department of Energy's Pacific Northwest National Laboratory. Meet the new Co-Directors and explore the cutting-edge capabilities offered by PNNL. Gain valuable insights into accessing the Immune Monitoring Cancer Omics (IMCO) lab to support your research endeavors. Expand your research horizons and explore new collaborative opportunities. All are welcome to attend this informative session!

Join the In-Person Meeting

Knight Cancer Research Building
Auditorium (RM 1015)

Join the Virtual Meeting

BETH HABECKER

Professor of Chemical
Physiology and Biochemistry,
School of Medicine, OHSU

BOBBIE-JO WEBB-ROBERTSON

Division Director, Chief Scientist
Biological Sciences Division, PNNL

JOSH ADKINS

PMedIC Co-Director
Laboratory Fellow | Health & Human
Services (HHS) Sector Manager
Biological Sciences Division, PNNL

JAMIE LO

PMedIC Co-Director | Associate
Professor, Division of Maternal-fetal
Medicine, Department of Obstetrics
and Gynecology, OHSU

JOANNA PUCILOWSKA

Director, Immune Monitoring and Cancer
Omics Services | Scientific Partnerships
and Business Development, Oncology
Knight Cancer Institute
Knight Diagnostic Labs, OHSU

JON JACOBS

Associate Director Proteomics
Biotechnology Research Resource
Cell Signaling and Communication Team
Lead | Environmental and Molecular
Sciences Division, PNNL
